

Adventures in Applied Science: Studying Septic Systems

Beaupre 105

Monday

Oct. 16, 2023

3:00 – 4:00 p.m.

Room 105 Beaupre Center
for Chemical and Forensic
Sciences,
University of Rhode Island
Kingston, RI

Alissa Cox

Clinical Assistant Professor
Natural Resources Science
University of Rhode Island

**ADVENTURES IN
APPLIED SCIENCE:
STUDYING
SEPTIC SYSTEMS**

URI ONSITE WASTEWATER RESOURCE CENTER
ALISSA COX
(NRS DEPARTMENT)

October 16 @ 3PM

Hear about research at URI focused on some of our most underappreciated infrastructure: septic systems (also called onsite wastewater treatment systems). You'll learn about their importance and function, how we are studying them, and how chemistry-minded folks might get involved!
